

A woman with her hair pulled back, eyes closed, and a serene expression is holding a small, clear glass bottle of essential oil. She is inhaling the scent from the bottle. The background is a soft, light gray with wispy, ethereal smoke or steam rising around her, creating a calming and therapeutic atmosphere. The bottle she is holding has a label that reads "Biossentials aromatherapy".

aromatherapy collection

Biossentials trusted range of aromatherapy products and lifestyle accessories have been created with you in mind to gently balance, restore and rejuvenate body and mind. Our vegan friendly, cruelty free range contains the very finest natural ingredients free from parabens, mineral oils, fillers, colourings, artificial fragrances and animal derived ingredients. Kind to you and the environment our products has been expertly formulated by aromatherapy professionals to ensure you have the very finest aromatherapy experience.

aromatherapy essential oils

Pure essential oils are derived from the precious living energy of plants including flowers, leaves, needles, bark, root, fruit rinds or resin. Highly concentrated, only a few drops of these precious oils are needed to enjoy their natural benefits. Every Biossentials Aromatherapy essential oil or blend is produced from a single distillation and is not diluted, modified, blended or adulterated. Like a vintage wine, each oil will vary in aroma, intensity and viscosity from year to year due to seasonal harvest conditions.

Biossentials single essential oils contain natural plant properties to balance, harmonise and restore body and mind. The art and science of Aromatherapy which recognises ancient and modern healing traditions, is based on utilising the therapeutic benefits of pure essential oils in a variety of ways. This includes aroma burner, inhalation, bath, foot spa, compress and room spray or blended in unscented carrier oil, balm or base products for skin and hair applications.

Every 10ml essential oil comes boxed with how-to-use instructions to ensure you have the very finest aromatherapy experience.

BALANCE

SCMCBAL10R

with bergamot, clary sage, geranium

Take time out, look after yourself and experience the gentle touch of pure essential oils to balance and harmonise. For PMS, painful periods and fluid retention dilute in carrier oil and massage into tummy, lower back, legs and feet.

BODY TONE

SCMCBOT10R

with black pepper, fennel, grapefruit

Pure plant extracts provide a warming and stimulating boost to tone and firm "orange peel" skin along with exercise and a healthy diet. Massage twice daily into affected areas.

BREATHE

SCMCBRE10R

with eucalyptus, myrtle, sea pine

A refreshingly vibrant and cleansing blend to soothe congestion and irritation. For colds & flus use in a steam / tissue inhalation or dilute in a carrier oil or balm as a chest rub. Diffuse in an aroma-burner or use as a room spray, for anti-microbial and antiseptic effect.

JETLAG / CIRCULATION

SCMCCIR10R

with cajeput, cypress, petitgrain

When your body is feeling sluggish, congested or needs a boost aromatherapy massage is the perfect helper. After air travel or periods of inactivity use with lymphatic drainage massage on legs and feet and other affected areas as required.

CONCENTRATE

SCMCCON10R

with lemon, peppermint, rosemary

A great "wake-up" blend to help clear and refresh the mind. Research shows that various essential oils can stimulate the brain to enhance work efficiency and study. Useful at home or in the office or wherever clarity and concentration is needed.

SPORTS RUB / REVIVE RUB

SCMCMUS10R

with nutmeg, tropical basil, rosemary

Bring warming comfort to general aches and pains with an aromatherapy massage. The soothing properties of pure essential oils together with the benefits of massage help to give temporary relief to muscular tension, stress and lower back pain. Massage into affected areas as required. Or use after sports or a workout at the gym.

PEACEFUL

SCMCPSLE10R

with lavender, marjoram, sandalwood

Essential oils are nature's gift with soothing qualities to relax and calm a busy and active mind. Great for children too. Diffuse in aroma burner before sleep or place on tissue near pillow.

RELAX

SCMCREL10R

with lavender, mandarin, patchouli

Life can be stressful and hectic. Aromatherapy offers calming properties that gently unwind and lift the senses. As you inhale the nurturing and grounding aromas feel your spirit gently refreshed and relaxed.

body oils

Biossentials aromatherapy body and bath oils are convenient and ready to use for massage, as a moisturising oil or in the bath. Readily absorbed, they leave your skin feeling hydrated, nourished and lightly scented with the benefits of pure essential oils. Blended in an enriching base of cold pressed carrier oils including sweet almond, soya bean, jojoba, wheatgerm, rose hip and vitamin E. Each body oil has been specially formulated by Aromatherapy professionals.

premium carrier oils

Biossentials premium carrier oils are carefully extracted to retain their superior nutritive, healing and moisturising qualities. 100% natural plant oils retain their vitamin, nutrient and anti-oxidant properties. They may be used unscented or personalised with pure essential oils or essential oil blends to enhance their beneficial qualities for face, hair, bath or massage. It is recommended to store natural carrier oils in a cool dark place away from direct sunlight.

ALMOND SWEET OIL - *prunus dulcis*

100ml | SCVOALMP100R

An excellent carrier oil for facial and body massage. Exceptional emollient properties soften, recondition and moisturise the skin. Good for use on the hands and also for irritated, chapped or dry skin. Light and odour free.

JOJOBA OIL - *simmondsia chinensis*

50ml | SCVOJOJ50R

A light, pure liquid wax Jojoba closely resembles the skin sebum. Excellent properties with a very stable and long shelf life. Helps to nourish and protect the skin and hair from the elements. Good choice for facial blends. Wonderful natural oil for baby massage.

ROSEHIP OIL ORGANIC - *rosa eglanteria*

10ml | SCVOROS10R

High source of essential fatty acids (EFAs) which are found useful to assist dry, irritated and weathered skin. Rosehip oil has been used in the treatment of scars, burns and stretchmarks and may be beneficial to improve the appearance of fine lines and wrinkles.
